Hi

Good morning. How are you doing?

DustyAsh69 03:24

Hey, I had a problem.

And wanted to ask if you had anything to do with it.

Apparently, someone joined our servers and have been asking to remove our moderators - including me - and to add your account to our subreddits.

Are you involved in any way?

Or are they just using your name?

[u/ConstructionAny8440](#)

ConstructionAny8440 03:29

I am not involved.

Can u send me ss?

And give me discord id + their reddit id

I will file complaint to admins

DustyAsh69 03:30

This is our final offer

You will add ConstructionAny8440 to your mod team, make them top mod of the following subs:

1. r/jee
2. r/btechtards
3. r/askindia

They're making EVEN WORSE claims.

DustyAsh69 03:31

ConstructionAny8440 03:31

Wtf 🤔🤔🤔🤔🤔🤔

First of all i am already at 5/5 limit

I want to enjoy the show

dirtyAirRemover

DustyAsh69 03:32

I can't just add you there.

It's a mod - only channel.

ConstructionAny8440 03:33

Please relay this info to all of your mods that i am nowhere involved in all of this shit...

Someone is sabotaging me, i guess

I am assuming that you are well learned-logical-educated man on the other end. I am on 5/5 since April 1st and i knew about this criteria for last 3 months. So, i want you to think why i will even try to do something ridiculously weird thing.

Sorry my chat is glitching..

I can see the infinity sign now....

DustyAsh69 03:42 ∞

I am pretty sure that alternate accounts exist and that you could in theory use that to bypass the limits.

ConstructionAny8440 03:42 ∞

You're saying it's mod only channel so how did he gain the access.?

DustyAsh69 03:43 ∞

ConstructionAny8440 03:43 ∞

Can you give me more SS?

DustyAsh69 03:43 ∞

There's not much to see.

ConstructionAny8440 03:44 ∞

It's like modmail but for discord.

Whatever it is, it is serious.

Since 1 AM, I'm assuming. I was offline until about an hour ago.

ConstructionAny8440 03:46 ∞

Ohhhhhh ...i didnt know that modmail type thing exists in discord...thnks for telling that

U needed proofs from my end... how should i prove it?

I demand removal of this moderator

Wait, what?

It's the correct ID.

I just looked it up.

[@reyazali453](#)**ConstructionAny8440** 04:56 ∞

Give me the correct discord id. It's saying unknown-user. Usernames can be changed any number of times.

**DustyAsh69** 04:58 ∞

I have not been in contact with this person at all. Their numerical ID - 1504931342612304021 - was forwarded to me upon my request and I converted it to their Discord ID using the Discord API. So, if that's not the correct username, then, I'm afraid that I don't have it. The ID lookup should still work though.

And all of the mods that did contact this person have gone to sleep.

**ConstructionAny8440** 05:01 ∞

ID lookup is not working because it's wrong ID, i copy pasted it again. You can get USER ID of any person on discord... Go to settings-> Advanced -> Developer settings and enable it... Then u can access it yourself.

**DustyAsh69** 05:02 ∞

I already had it on.

much free time on our hands to wage imaginary
wars against ourselves.
I'm only a mod for the sake of being a mod. I do
not care about "conquering" subreddits or
"collecting" them like other mods do.
I only wanted to keep the subs clean.
And I enjoy the time pass that comes with it.
